SUMMARY OF INFORMATION

(S/STD) The ship is white and smooth with brown, glossy, wood-colored trim. It more than 45 feet long. It has two compartments/superstructures that extend above the deck: one is forward and the other aft. Between these two areas the deck is lower than elsewhere. The contraband is stored in a compartment which is a part of the ship but not normal for a ship. It is sealed and is accessed by a cut-out (which is lifted up) which is not readily visible. The compartment is rectangular in shape (1.5 ft wide x 3 ft long x 3 feet deep). The compartment is located at the stern of the ship on the port side below the water-line. It is almost as if it is part of the keel.
